# Cream for layer cakes

Cream for layer cakes is offered in the following flavors:

- ▶ lemon
- ▶ chocolate
- ▶ nut
- ▶ vanilla
- ▶ rum
- ▶ strawberry
- ▶ cream

Cream for layer cakes is a quick and real success in every kitchen. Its main assets include:

- solid consistency and short time of preparation (ready in 5 minutes)
- less expensive in comparison with the cream prepared with the use of traditional methods
- delicate, creamy, light consistency
- freshness for a couple of days

A portion of cream from one package can fill a cake with about 24 cm in diameter. All types of cream can be prepared with the use of two methods by adding fat or in a light version by adding only milk.
